Join the quarter two [California Immigrant Integration Initiative \(CIII\)](#) statewide meeting to hear updates on the [California Immigrant Resilience Fund](#) and how we can strategically invest in the infrastructure and long-term capacity of the immigrant movement in California. We will then shift to a funder discussion on what could happen in the medium-term for immigrant organizations and communities beyond the COVID-19 rapid response period. This will be an opportunity to share and learn about funder advocacy strategies and opportunities for coordination among partners and stakeholders throughout the state.
